BREAKOUT SESSIONS

Taught by lay leaders, pastors and regional leaders.
Includes practical training on a variation of topics.

Praying the Bible: Rev. John A Algera, Madison Ave. CRC *From the Old Testament to the New Testament the Bible is full of prayers for every occasion to gives us words from God to speak back to God. They explore the depths of our feelings and deepest needs and desires and help us bring them go Jesus. We will find and prayer these prayers learning how to make them our own.*

Leaving You Prayer Closet and Praying in a Group: Diane Averill, Ministry Developer CRHM. *This workshop will explore ways to help everyone grow in their small group experience.*

Finding Antioch: Pastor Janice McLean-Farrell, City Seminary of New York: *Conditioning our hearts to discern where God is at work in "small ways".*

Freedom in a Fearfully Anxious World: Rev. Dr. Drew Angus: Cancer Treatment Center of America. *In this workshop we will address the root of our anxieties and fears; the effect of my anxieties and fears on my close relationships; how prayer addresses my fears and gives me freedom from their bondage.*

Water for the Soul: Emotional Healing Prayer Ministry: Carrie Johnson, Heidi Duncan, Joel Wesseldyke. *Emotional Healing Prayer is intentional, focused prayer leading to an authentic encounter with the presence of Christ. Jesus is the only one who can heal the human soul and Emotional Healing Prayer invites us into the presence of the Healer where the darkness in us is brought into the light so that it might be dispersed and new life can spring forth. Join us as we explore what happens in a prayer ministry like this and why it is so critical to the life of the church.*

Contemplative Prayer: Pastor Sheila Holmes, Northside Community CRC. *This workshop will help us prepare ourselves for meditation, silence, and*

listening for God through Scripture and breathing exercises. We will also spend time experiencing centering prayer exercise.

Prayerwalking: Rev. Rod Gorter, Midland Park CRC. *Come and experience the power of praying "onsite with insight" as we review some of the principles of prayerwalking and then go do it.*

Pathways to Prayer: The Unique Way God Created You to Connect With Him: Rev. Michael Johnson, Living Word Reformed Church. *One size does not fit all when it comes to prayer. Yet many of us feel guilty when we can't connect to God in prayer pray like others seem to be able to. Recognizing the particular way you are "wired" to connect with God (the way in which you most naturally hear from and speak to God) will free you from such guilt and enable you to move more deeply into God's transforming presence in prayer.*

Finding Rest during Stress: Rev. Drew Angus, Cancer Treatment Center of America. *What do the scriptures teach about rest and stress? It seems like a contradiction, but the scriptures actually challenge and encourage us to rest during the times in life when we are the most stretched and stressed ... this workshop we will consider how the stress of life can become a unique time to hear God's voice. And we will learn some prayer practices to help apply Jesus beautiful invitation to: "Come to me all who are weary and burdened and I will give you rest." Mt 11: 28*

Elevandonos a Su Presencia: Pastor Carlos Lezameta. *Trata sobre la importancia de los cristianos de separar un tiempo para orar a Dios. La oracion es el medio por el nos acercamos a Su trono celestial y nos fortalecemos espiritualmente. Dios se deleita cuando lo buscamos en oracion y Sus oidos siempre estan abiertos para recibirlos. Una Iglesia que ora es temida por el diablo y sus demonios, debido a que hace temblar los cimientos del infierno. El Espiritu Santo se mueve con poder cuando oramos.*

Oremos Para ser Oídos: Pastor Ricky Orellana, Iglesia Christiana Passaic RCA. *Porque cuando llamas se abrirá.*
